Dear Mr. Holynski,

I am, as usual, delighted to learn of the energy and dynamism which the Polish Information Processing Society puts behind its activities to honour and celebrate the World Telecommunication and Information Society day each year.

I am very honoured to once again be invited to act as Honorary Patron of the WTISD 2010 and accept with the greatest of pleasure.

For your information, I intend to visit Poland during the week of 13 to 17 September at the kind invitation of the Ministry of Communications. I hope that I will have the opportunity to visit your offices and to meet you and your colleagues at this time.

In due time, a video speech will be available to you which you can use throughout your celebration.

Yours sincerely,
